Yes, we can have Bristol provide whatever types of material you prefer- CD, hard copy, etc. I just need to put it into a future task order for them to provide it. At that time, we can ask them to also provide additional copies of older reports that they have produced for the region so your office can have a complete set.

Bob,

It would be helpful for the Tribe to maintain all records for the site. In the past EPA has provided 1-2 hard copies and a cd for all work deliverables performed on reservation. Is this something that can be considered for the Haskell Lake Petroleum Contamination Site.

Kristen,

I have one on CD at the office. I will find it tomorrow and send a pdf. Bristol will be revising it for the new work.

Bob,

Do you have the most recent Bristol sampling QAPP?
